Results of University and other Examinations

GENERAL REMARKS

There are 170 boys in attendance

The tone of the school is excellent and the conduct of the boys is being very favorably commented on who come into contact with them

The work was highly creditable in practically all subjects, this was particularly noticeable in 6th Class.

It is pleasing to note that Latin and Science receive the attention which they deserve.

It would be well to separate the 4th & 5th Classes, if at all possible.
